Section V: Direct Loan Disclosure and Terms

****Please Initial the Following****

Understanding College of Marin's Responsibilities:

_____ I understand that College of Marin and Enrollment Services staff have the responsibility to:

- Determine students academic program year (Year 1 or Year 2 status) for maximum loan eligibility.
- Evaluate all loan requests on a case-by-case basis.
- Develop Default Prevention Strategies to maintain College of Marin's ability to participate and offer Title IV funds such as the Pell grant, Work Study, Direct Loans, and other federal grants to students.
- Reduce or deny loan requests that, in our professional judgement, are at serious risk for loan default

Understanding Professional Judgement:

_____ I understand that Enrollment Services staff may use professional judgment to decline or reduce the loan requested for students at risk to default on a case-by-case basis per **HEA Sec. 479(A)(c), 34 CFR 685.301(a)(8), DCL GEN-11-07**. In circumstances when professional judgment is used, a written explanation will be provided to the student. Some reasons federal loans may be denied or reduced include, but are not limited to:

- The student is not making steady progress in a degree, certificate or transfer program. This decision is made independently from the Satisfactory Academic Progress Appeal process.
- The student has already borrowed the maximum loan amount appropriate for community college programs.
- The student appears to be or has been in default or delinquent on federal financial aid obligations.
- The student has multiple changes in program of study or has an undeclared major/undecided educational goal.
- The student has valid and applicable education for employment and is choosing to pursue another educational endeavor. This decision is made independently from the Satisfactory Academic Progress Appeal process.
- The student is not meeting minimum eligibility requirements as outlined on page 1 of the request packet.

Understanding the Direct Loan Program:

_____ I understand the following about the Federal Direct Loan Program:

- Federal Direct Student Loans are not grants and must be repaid back to the Department of Education through a federal loan servicer.
- That the fixed interest rate is reevaluated each year and is set on July 1, based upon the 10 year note treasury note plus 2.05%, not to exceed 8.25 %.
 - Please visit <https://studentaid.gov/understand-aid/types/loans/interest-rates> for current interest rates.
- There is a loan origination fee that will change each year and is set on Oct. 1, this fee is a percentage of the loan and deducted proportionately from each loan disbursement.
 - Please visit: <https://studentaid.gov/understand-aid/types/loans/interest-rates> for current fees.

Obligations and Responsibilities of Student Borrowers:

_____ I understand that I have the following obligations:

- My awards cannot exceed my cost of attendance (budget). If additional grants, awards or scholarships are added after a loan has been approved, my loan amounts will be reduced to accommodate the new awards (for example: EOPS grants, scholarship, Federal Work Study, etc.).
- If I do not pass at least six units toward my goal each semester with a 2.0 GPA, and/or if I change my goal, I will lose loan eligibility for the following semester and my remaining loan disbursements will be cancelled.
- I must begin repaying the loan six months after I graduate, withdraw, or drop below half-time status.
- I must pay the interest on Unsubsidized Loans while I am in college, or I may have it added to the principal (this increases the amount I must repay later). Interest on Subsidized Loans is paid by taxpayers while I am enrolled half time in college and until I enter repayment.
- I have read the terms and conditions of my signed MPN and understand all my obligations as loan borrower.
